FY25 Foster Care Transportation Plan

The Georgia Department of Education (GaDOE) is required to ensure the educational stability of children in foster care. (ESEA section 1111(g)(1)(E)). In coordination with state and tribal child welfare agencies, the GaDOE must ensure that its LEAs implement the Title I educational stability requirements for children in foster care, including ensuring that:

- A child in foster care remains in his or her school of origin, unless it is determined that remaining in the school of origin is not in that child's best interest;
- If it is not in the child's best interest to stay in his or her school of origin, the child is immediately enrolled in the new school even if the child is unable to produce records normally required for enrollment; and,
- That the new (enrolling) school immediately contacts the school of origin to obtain relevant academic and other records. (ESEA section 1111(g)(1)(E)(i)-(iii)). In fulfilling this role, the SEA should coordinate with the state or tribal child welfare agency to develop and disseminate uniform guidelines for implementing the Title I educational stability provisions. Developing uniform statewide policies and procedures for ensuring educational stability for children in foster care, as many States have already done under the Fostering Connections Act, will facilitate successful implementation at the local level. This is particularly important given the shared agency responsibility for educational stability under Title I and the Fostering Connections Act, and because a single LEA or local child welfare agency will likely have to collaborate with multiple partner agencies in implementing these provisions.

Additionally, the SEA must conduct regular monitoring and oversight to guarantee appropriate implementation of these provisions at the local level. (See 2 C.F.R. §§ 200.331(d), 200.328(a); 34 C.F.R. § 76.770).

On the state level, the Georgia Department of Human Services (DHS), which houses the Division of Family and Children Services (DFCS) periodically sends a list of children in foster care that are flagged in the GaDOE's student information system for information sharing and reporting purposes. On the local level, LEAs are now able to retrieve a list of children in foster care to better identify and provide services. LEAs are to continue collaborating with their local child welfare agencies and may periodically receive information directly from foster parents, Court Appointed Special Advocates (CASA), DFCS case workers, or Education Support Monitors (ESM), within the Educational Programming, Assessment and Consultation (EPAC) unit of DFCS. Once identified, LEAs must implement its plan to ensure educational stability for children in care. For the best interest of the children in care, LEAs should follow all mandated regulations under FERPA and keep the status of these children confidential.

As a result, the GaDOE is requiring all LEAs, including virtual schools and charter schools that function as an LEA, to complete a Foster Care Transportation Plan. The plan should be completed in addition to the development and implementation of written transportation procedures and the identification of a Foster Care Point of Contact. Please complete this plan and return it by:

ASSURANCES

By checking the box beside each statement and by affixing my signature to these Assurances, I certify that I have read each and agree to be held accountable for the content of each of the following statements:

- The LEA will collaborate with state or local child welfare agency to develop and implement clear written procedures governing how transportation to maintain children in foster care in their school of origin when in their best interest will be provided, arranged and funded for the duration of time in foster care.
- The LEA ensures that children in foster care needing transportation to the school of origin promptly receive such transportation in a cost-effective manner.
- The LEA ensures that children in foster care remain in the school of origin while any disputes regarding transportation costs are being resolved.
- The LEA will collaborate with State or local child welfare agency to provide transportation if a child is placed in foster care placement across district, county, or State lines.
- In accordance to the Every Student Succeeds Act (ESSA) and the Fostering Connections Act, the LEA will continue to provide transportation to children that exited foster care for the remainder of the school year, if it is in the best interest of the student.
